Chicken Pie Dinner a Success—Methodist People Rejoicing.

Last week we stated that our chicken pie dinner on December 15 was in anticipation of paying off the entire debt of $875 on our parsonage. Now our hopes will soon be a fact, for it was all subscribed before the day arrived, and the money is being rapidly paid in to meet the entire indebtedness by the 22nd of this month. This was heroic work.

In just twelve days the entire amount was raised. So heroic and heartily was this giving that a little girl about six years old, living several miles out in the country, sent in a dollar which she had earned picking prunes to apply on the debt.

After about 175 had been fed on the best chicken pie and a lot of other things most as good, Mr. J. W. Lewis, acting as toastmaster, called on the Rev. J. H. Wythe, D. D., a former pastor, Mr. G. W. Page, Mr. P. G. Keith, Mr. S. G. Rodeck, Mr. W. H. Peacock, Mrs. C. E. Hanger, Mr. C. E. Hanger, Mrs. C. E. Hayes and Mrs. W. H. Peacock and the pastor and all spoke of their gratitude to Almighty God in his goodness, and the loyalty of the people in assisting us, both in the church and out.

The ladies of the church deserve great credit for the splendid dinner which was free to one and all.

At the close of the speech-making the pastor announced that the old notes, which will be redeemed at once, representing $875, will be burned at the eleven o'clock service on Sunday morning, December 26th.

Says Henry Drummond: "You will find as you look back over your life the moments that count, that really stand out, are the moments that you did something in a spirit of love."

This love spirit has possessed the people of Campbell.

Half Hour Service.

Ever see that heading before. Well, some day, maybe, we may possibly wake up, perhaps, to the fact that we need half hour service on the Interurban and that the committee appointed to see the officials of the railroad have done their duty, probably. It may be, though that said committee may not care to have the railway serve the people instead of the people serving the railway, but, but, but.—Aw, go 'way and let me sleep.

Building Rock Buttress.

The S. P. Company have been hauling several carloads of large blocks of granite and placing them in the creek bottom and along the bank below Hamilton avenue and this side of the Fresno Home Packing Company's plant. The creek has washed out the bank so in former years as to seriously endanger the railroad tracks at this point.

CLEAN COUNTY CONVENTION A SUCCESS.

Hundreds of Christian Workers Attend Meeting From All Over the County Yesterday in Los Gatos.

The convention of the Clean County Co-operative Council held in Los Gatos yesterday was a decided success in every respect. Hundreds of temperance workers and others interested in the work attended in a body. From Palo Alto and Mayfield a special train came down over the Los Gatos cut-off, and from San Jose over 250 delegates attended, coming over the Interurban line in special cars. Santa Clara chartered a car on the electric line, and Gilroy and Morgan Hill attended in large numbers. Perhaps the largest delegation considering the size of the town was made from Campbell, when nearly fifty were counted in the Gem City from this place.

A conference of the W. C. T. U. people was held at 10 o'clock in the morning and in the afternoon and evening various speeches were made by prominent workers in the cause of prohibition. Mrs. Mae Whitman, one of our local W. C. T. U. ladies and prominent in State work, gave a very fine speech on "Our Christian Women Against the Saloon," and Professor J. Fred Smith, principal of our local High School, brought out several vital points in his speech, 'Our Schools Against the Saloon."

The hall was packed both afternoon and evening, showing to what degree the people are interested in stamping out the saloon from the "Garden of Eden—Santa Clara Valley." Throughout the meeting attention was paid by every person to the speeches, and judging by the vocal enthusiasm expressed after the speeches, a sympathetic cord was struck in every person. A fitting close to the convention was the singing of "America" by the vast audience. This was very impressive, and in view of the saving of our county from the monster "Saloon" many broke down during the rendering of that glorious song.

The following program was rendered:

Morning, 10 o'clock, Opera House.
Conference of workers.
Afternoon, 2 o'clock, Opera House.
"Santa Clara County Against the Saloon," L. B. Mallory presiding.
"Our Churches Against the Saloon," Rev. William T. Patchell, pastor First Congregational Church, San Jose.
"Our Christian Women Against the Saloon," Mrs. Mae M. Whitman of Campbell, Superintendent Temperance and labor Department, National W. C. T. U.
Solo....Miss Mabel Penny, Los Gatos
"The Insurance Companies Against the Saloon," Walter E. Vail of Palo Alto, the Providence Life and Trust Company of Philadelphia.
"The Labor Unions Against the Saloon," Arthur S. Howe, San Jose.
"Los Gatos Business Men Against the Saloon," George R. Lewis of Los Gatos.
Duet, Miss Alice Meese and Miss Millen Winsor, University of the Pacific.
"Our Schools Against the Saloon," Prof. J. Fred Smith, Campbell, Principal of the Campbell High School.
"Our Colleges Against the Saloon," Prof. William Guth, San Jose, President University of the Pacific.
Duet, Miss Meese and Miss Winsor
"Our People in League Against the Saloon," Rev. J. S. Thomas, Superintendent Anti-Saloon League, Oakland District.
Afternoon, 4 o'clock, Opera House.
A conference on permanent organization, T. E. Johns presiding.
5:30 o'clock. Dinner served to delegates. Parlors of Methodist Church. Parlors of Presbyterian Church. Woman's Christian Temperance Union as hostess to our visiting friends for the people of Los Gatos.
Evening, 7:30 o'clock, Opera House.
Temperance mass meeting, Rev. Robert Whitaker presiding.
Messages of congratulation, absent friends.
"The Standing of the Saloon Business in Law," B. Grant Taylor, attorney at law, San Jose.
"Attitude of Our Institutions of Higher Learning Toward the Saloon," Prof. Burt Estis Howard, Palo Alto, Leland Stanford Jr. University.
Solo.....W. E. Johnson
"Society Organized Against the Saloon Evil," Rev. A. C. Bane, D. D., San Francisco, Superintendent of the Anti-Saloon League of California.
"America."

there was no more fighting. Oh yes, there was too. Mr. Sid Dowton said he saw Mrs. Lane the next day come flying out of the door with a mattress after her—but that is another story. We don't like to publish family love scenes.

News That Is Interesting

Items That We Gather from the Doings of Our Fellow Citizens

The Woman's Club met Monday afternoon.

Dr. and Mrs. Miner went to San Francisco Monday.

Harry Fore is recovering rapidly from his recent illness.

Miss Mable Campbell has been visiting Mrs. Ben Campbell for a few days.

Miss Adra Eaton has entered the Fabiola Hospital in Oakland to learn nursing.

Mrs. Miracle entertained a party of friends at her home last Friday night with cards.

The W. C. T. U. will meet at Mrs. Fahlinger's Wednesday, December 22d at 2:30 p. m.

There have been 3510 tons of green fruit shipped out of Campbell over the S. P. this year.

Last Friday night the Christian Endeavor gave a social in the Congregational Church parlors.

The High School boys will play Redwood City High School at basketball next Saturday at Palo Alto.

Mr. Sargeant of Pacific Grove, has been visiting Mr. Palmer at his home on Campbell avenue near the creek.

The Christian Endeavorers met and elected their officers last week. Miss Dollie Blenkensop was elected President.

The oil promoters who are forwarding the new field near here, have not as yet made any more material advances.

Friday afternoon the County Promotion Committee met in San Jose. Mr. G. Robson was the only delegate from Campbell present.

The Girls' Literary Society of the High School will give an entertainment in the High School building next Wednesday night.

Mrs. L. F. Shaw returned from a visit to Oakland this week. She has been visiting friends and relatives there for the past week.

A chicken dinner was given at the M. E. Church Wednesday noon, at which many of the members of the church attended. A good time was had by all.

Sunday morning service at the Congregational Church will be "Forefather's Day." In the evening the service will be "Escaped from Herod's Wrath."

Rev. Wythe and wife were in Campbell Wednesday and attended the chicken dinner given by the M. E. Church. Rev. Wythe is a former minister here.

Well if here isn't Christmas coming. How do you do sir, pleased to meet you. My but you are a fast walker, you'll soon be right near us at the rate you are coming now.

Mrs. J. H. Neff left suddenly Monday night for Los Angeles in response to a telegram saying her mother had been stricken with paralysis and was not expected to live.

Mr. G. L. Beaver and his son are recovering from their illnesses. Mr. Beaver suffered an attack of rheumatism and his son has had some trouble with his knee, which he sprained recently.

Word has been received that Mr. Blodget, who recently suffered a stroke of paralysis of his right side, can now move several fingers on his hand. This has led to much encouragement for his speedy recovery.

The Artists' Recital held at the Congregational Church last Tuesday night was a decided success. The entertainment was held for the benefit of the library under the auspices of the Country Woman's Club.

Miss Alice Joy, who has been teaching in King City, Monterey county, Miss Mable Ross, from Monterey, and Miss Lela Oliver of Cambria, Monterey county, are all home from their schools for the winter holidays, of two months or more.

Last Monday night the Masons elected their officers for the coming year. They are: G. S. Robson, Master; George Whitman, Senior Warden; L. D. Bohnett, Junior Warden; J. Fahlinger, Secretary; S. R. Wade, Treasurer. All the other officers are appointees, and have not as yet been announced.

PRESS NOTES.

Among those who went to the State Convention of Fraternal Aid people last Friday from Campbell there were: Mr. and Mrs. J. D. Sawyer, Mr. and Mrs. William Rubell, Mr. and Mrs. Bradenburg, Mr. and Mrs. Hutton Lela Speegle and Chester Archibald, Emily Gard, Mrs. M. J. Wilson and her drill team.

Last Saturday night the Fraternal Aid held its annual election, electing the following: Past President, Mrs. H. Campbell; President, J. D. Sawyer; Secretary, Mrs. Brandenburg; Treasurer, Mrs. M. J. Wilson; Trustees, Mrs. W. Rubell and Chester Archibald; Pianist, Ruby Crow.

A small fire was discovered in the kitchen of Mrs. Springer's home Wednesday afternoon, which was put out without much damage to property. The fire originated near the stove pipe, which became heated, setting fire to the cloth which served the purpose of wall paper. Soon all the cloth in the room was afire, but several buckets of water put the blaze out.

A disagreement which bordered on the prize-fight class was held this week in Campbell. Mrs. Lane, having become excited at her hubby, playfully hit him a lick over the ear with her shoe, which she had handy. Mr. Lane, resenting this promptly gave his wife a beating. The two kept it up until neither could stand up any longer, and then went to Judge Farley, to have him fix the matter up. The disagreement was over a pistol, which both wanted. Judge Farley settled the matter by confiscating the pistol, and lo,

Grange Blowout.

That's what they called it anyway. It was really an initiation with a banquet after the candidates had ridden the go—, no, just after the initiation. And there was a fine time had, there's no getting around that. What if the meeting did not break up till—well, we had a fine time alright. Yes, we rode the go— as we were saying, there was a fine banquet, though we had to eat ours off of the mantl—that is to say we rode the go—speaking about the Grange reminds us, we are not supposed to give away any of the secrets of the lodge, but it is so hard to say anything without saying something you know, don't you know it is?

MORELAND

The Moreland Good Will Club held their last meeting with Mrs. A. M. McBride, and will meet Wednesday with Mrs. J. H. Hemphill of Saragota avenue.

Miss Gertrude Payne has returned from a trip to Stockton where she visited friends.

Mr. and Mrs. Gruell, of Saratoga avenue, have returned from a visit to Pacific Grove.

Mr. D. M. Van Arsdale is building a very cosy bungalow on his property on Saratoga avenue.

Mr. H. A. E. Rowlands and family will spend their Christmas holidays with relatives in Riverside.

The Ladies' of the Meridian Sunday School realized a handsome sum from their bazaar at Meridian Corners recently. The proceeds will be devoted to their church fund.

Mrs. Brown and family, of Auburn will occupy the Cox residence this winter.

O. C. Castello has leased the Lipe and Boomer properties for a term of three years.

Old age is a matter of years.
Oldsight is a question of glasses.

WORLD'S NEWS PRESENTED IN BRIEF ITEMS

Events of Both Hemispheres Compiled in Pithy Form For Busy Readers.

Here You Will Find a Resume of Happenings in Almost Every Part of the Earth.

St. Petersburg.—Grand Duke Nicholas Nicholaievitch, second cousin of the Emperor, has been designated to take full charge of affairs in Finland.

Berlin.—The chief hunting director has lost his job because he allowed the general public about Goehrde while the Kaiser was pheasant shooting a short time ago.

Columbus, O.—Frank Grimes, who killed Blanche Knight, his sweetheart, hanged himself in his cell in the county jail a few days ago. He was sentenced to die in the electric chair March 27th.

Paris.—The Minister of War has outlined to the Cabinet his tentative plans, and says that in 1911, France would have "a satisfactory fleet" of airships. It is the intention to establish a school for pilots and to provide a practice course between Nice and Marseilles.

New York.—Before an audience of distinguished surgeons, Professor Thomas Jonnesco, the Roumanian scientist, demonstrated that painless operations could be performed on patients while they remained conscious. Professor Jonnesco hypodermically injects stovaine into the spine, at the same time administering strychnine to strengthen the heart.

New York.—George Preston Sheldon, deposed president of the Phenix Fire Insurance Company of Brooklyn, lying at death's door at his Greenwich (Conn.) home, was indicted for larceny in the first degree by the Grand Jury for alleged misappropriation of funds of the company of which he was the head for twenty-two years. He is alleged to have embezzled $45,000.

Washington.—Obsolete barracks, deteriorated rifles and a scarcity of enlisted men and officers, which promise for the near future inefficiency in the corps, are the basis of some of the complaints made by Major-General Elliott, commandant of the Marine Corps, in his annual report. He laid particular stress upon the fact that 10,000 new rifles are needed by the Marine Corps.

Aztec, N. M.—In less than twelve hours after he killed Ignacio Gallegos, because of his love for the latter's wife, Decianio Aguilar was on his way to the penitentiary at Santa Fe. Sheriff Dufer captured Aguilar, Judge McFea ordered a sitting of a special Grand Jury, which indicted Aguilar in twenty minutes, and he was tried, pleaded guilty and was sentenced before the day had gone.

New York.—The problem of educating the American public to indulge in native wines in preference to whisky and beer was discussed at the annual convention of the American Wine-Growers' Association. A resolution was adopted requesting Representative J. Sloat Fassett of this State to reintroduce in Congress the Fassett pure-wine bill. Members of the association agreed to ask their respective Congressmen to support the measure.

Windham, Conn.—Miss Emily Huntington, author of many books on charitable subjects, and a charitable worker of national repute, is dead at her home here. She was sixty-eight years old. She was for twenty years at the head of the Wilson Industrial Schools for Girls in New York City, the first institution of its kind in the United States, and was the originator of the kitchen garden movement, which spread rapidly throughout the country in the early eighties.

Washington.—Tired of having American naval officers take a back seat at foreign funerals, weddings and other gatherings with an international tinge to them, Rear-Admiral Potter, aid of personnel to the Secretary of the Navy, wants Congress to revive the rank of vice-admiral. In his annual report as Chief of the Bureau of Navigation, Admiral Potter said that, with increased responsibilities due to the enlarged fleet, appropriate rank should be conferred upon the commanding officer.

PATENT SUIT MAY DELAY SAN JOAQUIN ROAD WORK

One Firm Said to Have Complete Control of Bitulithic Paving Processes.

Stockton.—If a suit filed in the Superior Court is decided in favor of the plaintiff, the construction of 238 miles of roads in San Joaquin county, for which $1,890,000 in bonds has been voted, and sold, will be delayed many months. The action is entitled Romaine Moll against the Board of Supervisors, the Highway Commission, County Auditor and Recorder Kroh and Tax Collector Neumiller.

The City Improvement Company of San Francisco has the first contract for building twenty miles of roadway from Stockton to the Sacramento line, and has commenced work. Warren Brothers, who hold a patent on bitulithic paving, claim a royalty on asphalt macadam paving, which is similar to their method of street paving. According to those on the inside, the patentees, knowing that they would have difficulty in collecting the royalty from the City Improvement Company, have brought suit through Moll to have the contract cancelled. Should Warren Brothers win this case they will have complete control of that form of paving.

Aim to Reduce Mine Fatalities.

Washington.—In furtherance of its efforts to reduce the number of fatalities in American coal mines, the United States Geological Survey, under the direction of John L. Cochrane, has just issued a primer on explosives for the benefit of miners and all others who have anything to do with explosives. The primer, which is written in plain, non-technical language, describes how and of what explosives are made, the dangers in their use and how these may be avoided or reduced to a minimum. The authors of the bulletin are Charles E. Monroe, explosives expert, and Clarence Hall, explosives engineer of the Technologic branch of the United States Geological Survey. While the limited edition lasts, copies may be obtained by addressing John L. Cochrane, U. S. Geological Survey, Washington, D. C.

Sacramento Shows Healthy Growth.

Sacramento.—The population of Sacramento and suburbs is 62,000, based upon the 1910 City Directory, which has just left the press and will soon be ready for distribution. This figure is reached by multiplying the names in the directory by two and a half. This is a very conservative proportion and gives a figure believed to be as near accurate as it is possible to get without a complete census. The number of names in the directory this year is approximately 24,800. The population last year, based upon the names in the directory, was placed at 58,742.

Steel Trust "Not Guilty."

Boston—Thirty-three American steel firms and individual agents for steel companies were found not guilty of collusive bidding for city steel contracts in the Superior Court. The case was the outcome of a report of the finance commission two years ago. The commission declared many steel companies had combined to maintain prices by permitting one of the firms in the combination to submit bids for steel work for the city of Boston.

Greater Oakland Legally Established.

Oakland—Greater Oakland came into legal existence last week. With the filing at Sacramento with Secretary of State Curry of a certificate showing the results of the annexation election the law's requirements were met and the new city was automatically established, with Mayor Frank K. Mott the first chief executive of the greater municipality.

Suburban Roads Receive Attention.

Oakland.—A resolution was adopted by the Merchants' Exchange to request the city government to establish a system for the care of the suburban roads which have recently come into the city's charge through annexation, and to maintain them in the same excellent condition in which they are at the present time.

Consumption Germs in Milk.

Washington.—About fifteen per cent of the people who die in the District of Columbia from tuberculosis, contract the disease as a result of drinking milk furnished from dairies in and around Washington, according to a declaration made last night by Health Officer Woodward.

Decrease in Cotton Product.

Washington.—There were 8,878,277 running bales of cotton ginned from the growth of 1909, to December 1st, as compared with 11,088,661 for 1908, according to a bulletin of the Census Bureau.

State's Fruit Growers Demand Dollar Fruit Rate

Watsonville.—That in a large proportion of recent shipments of fruit East from California there has been a distinct net loss to the shippers because of high railroad rates is the substance of the report of the committee on freight rates of the California Fruit-Growers' Association, which met here last week. The report of the Fruit Distributers makes the same declaration and announces that unless lower rates are secured vines and trees must be uprooted and the soil used for other purposes.

The report on rates gives tables of shipments of deciduous fruits in carloads from the Sacramento and San Joaquin valleys which caused the shippers to run in debt. Among the hundreds of instances cited is one in which it is alleged that the railroads received a revenue of $460,000, while the shippers lost $183,000 on 1092 cars sent from Sacramento to New York during a period of eight days.

The report of the California Fruit Distributers, which followed the rates report, showed that 15,260 cars of fruit have been shipped this year, exclusive of apples, of which 3500 cars have been sent from this valley.

The grievance against the railroads is the greater because of the fact that the transportation lines are discriminating against the deciduous fruit growers in favor of the citrus fruit growers south of Tehachapi. The rate from Central California to the Atlantic seaboard on deciduous fruit is $1.45, while the rate from Southern California to the Atlantic, requiring a haul a sixth longer, is $1.15 on oranges and $1 on lemons.

A resolution was adopted demanding that the railroad companies quote deciduous fruit growers a living rate instead of discriminating in favor of the citrus fruit growers south of Tehachapi. Instead of paying $1.45 to the Atlantic on deciduous fruit, it is urged by the growers that the rate be reduced to $1.

A resolution was also adopted recommending that all growers of deciduous fruits in the State co-operate in securing a standard form in preparing interstate shipments. It is recommended that a uniform standard be maintained in grading the fruit and that the boxes in which shipments are made be of standard dimensions.

Arthur R. Briggs started a sharp debate with a resolution dealing with the sulphuring of California fruits. The resolution commended the action of former President Roosevelt in taking the sulphur question out of the hands of the Department of Agriculture and placing it in the hands of the referee board, praised the Department of Agriculture and asked for the removal of Dr. W. H. Wiley from the Bureau of Chemistry, if no solution of the question could be secured favorable to the growers.

State Horticultural Commissioner J. W. Jeffrey opposed that part of the resolution attacking Wiley. Briggs insisted that Wiley was vindictive in fighting California on the sulphur question. The resolution was adopted after the objectionable clause had been stricken out.

A resolution declaring that several varieties of fruits and grapes, particularly Tokays, are suffering because of overproduction was adopted, and it is suggested that the areas thus affected be tried out by planting Bartlett pears, Smyrna figs or almonds.

A resolution urging County Supervisors to begin a fight against noxious weeds, inasmuch as the State horticultural law permits them to appoint horticultural commissions vested with authority to make such a fight, was adopted. It was stated that Johnson grass had been responsible in some parts of the State for the destruction of entire orchards and vineyards, and the abandonment of the farms. A resolution condemning the work of land boomers who advertise poor land as good, and which asks the State Legislature to enact a law requiring land agents to state in advertising whether the land proposed to be sold has been examined by the United States Soil Survey, was adopted.

Resolutions favoring postal savings banks, the eradication of noxious weeds, pre-cooling, State experimental work, cultivating pedigreed trees, standardizing packs and favoring good roads also were adopted.

San Francisco.—In discussing the demand of the fruit men for more equitable freight rates, the "Call" pertinently says: "The deciduous fruit growers will continue to lose money until by organization they can do what the Southern California orange growers managed to do for themselves. Operating independently the orange growers went through almost exactly the same distressing experience that is the present lot of the deciduous fruit producers. By co-operation and close knit organization the orange growers have achieved such conditions of transportation and marketing as have made them highly prosperous. The deciduous fruit people can do the same thing in the same way."

World's Fair in San Francisco When Canal is Opened

San Francisco.—A world's fair, comparable with the most ambitious exhibitive enterprises in history, will be held in San Francisco to commemorate the completion of the Panama canal by the United States Government, on January 1, 1915.

The plan was launched at one of the largest and most enthusiastic meetings ever held on the floor of the Merchants' Exchange in this city. Businessmen were ready to subscribe large sums on the spot, so great was their desire to have the exposition held in this city. O. D. Baldwin offered his check for $5,000 and declared that $1,000,000 could be raised in the meeting. The cheers greeted the adoption of the motion put by Temporary Chairman Charles C. Moore attested the determination of the business men to secure the great fair for rehabilitated San Francisco.

An advisory committee was appointed and numerous meetings have been held. Members of the committee are gratified at the lively interest manifested by the foreign consular representatives. Their action has been entirely voluntary, as no solicitations whatever have been thus far made for foreign participation.

It is probable that every maritime nation will be represented at the opening of the exposition by an imposing fleet, and this suggestion has revealed the possibility of providing in addition to the fair itself a modern naval display of prodiguous proportions. Italy may send an entire fleet.

While no details of the exposition have been arrived at, it already has been proposed that permanent fine arts and auditorium buildings be erected. An enormous stadium for athletic and similar tests has also been suggested, possibly with a view to bringing an Olympian tourney to the exposition. Aviation will be given much attention, as this science will have been extensively developed when the exposition is opened.

"We want this fair to be in keeping with the magnitude of the event it will commemorate," said R. B. Hale, who is one of the State's largest merchants, and enthusiastic member of the committee. "We want the whole world to participate and we want every person in the State of California to feel that he shares in it. California and San Francisco cannot afford to do the thing on a small scale. It should be worthy of the noblest aspirations of the State and city."

"All Europe stands ready to participate," said C. C. Moore. "I made it a point while abroad to let them know that the Portola was only a curtain raiser and that the big show was to come. I was assured everywhere that exhibits would be sent."

"This is the biggest thing that San Francisco has undertaken," said James Rolph, Jr., "and the very spirit that launched it will carry it to successful completion. When the time comes for retrospect, we will thank the day that gave it birth."

"We will not only reap a rich reward during the days of the exposition," said Andrew M. Davis, "but from the hour the world sees we are in earnest, a positive and permanent prosperity will set in. It will be to the good of the entire western slope."

"The fair," said James McNab, "will be of more lasting benefit to the city than anything else that can be conceived. It will bring us visitors from every quarter of the globe. We must not forget that it will mean five years of work, and work every minute of the time."

"We begin," said Homer King, "with the co-operation of the Pacific Coast. This will spread and until it includes the world. It is our duty to make it one of the grandest expositions ever held."

HAWAII MAY BE RULED BY ORIENTALS IN A FEW YEARS

Yellow and Brown Voters Increasing at Rapid Rate in Islands.

Honolulu.—It will only be a few years, according to figures given by Secretary and Acting Governor E. A. Mott-Smith in a public address until Oriental voters in Hawaii will constitute a very considerable part of the electorate, if indeed they do not constitute a majority. In the latter event, Hawaii might wake up the day after election some year and find herself with a Legislature composed mostly of Japanese and Chinese, with Boards of Supervisors made up of Orientals, and with Japanese Sheriffs and deputy sheriffs, not to mention poundmasters, city and county clerks and such other small fry.

In 1902, according to Mott-Smith's figures, 142 Chinese voted; in 1906, 220, and in 1908 there were 278 Chinese ballots cast. And the Chinese of the younger generation are just coming into their majority and it is safe to say that at the next election the number who will vote will be far in excess of the number who voted at the last election.

The matter is even more serious as regards the Japanese. There are now in Hawaii between 72,000 and 75,000 Japanese, or about half the total population. Many of them have been here for long periods of years and have sons who were born here and who are nearly grown to manhood. They are, of course, entitled to vote, being born on American soil. Just what amount of interest they will take in politics it is as yet too early to say, but it is hardly probable that they will fail to see the advantage that the ballot in such overwhelming numbers would give them.

Hitherto Hawaiian Legislatures have devoted much of their time to enacting laws which were intended to put the Japanese at a disadvantage. It is more than possible that the Japanese may have the chance to get even on that score and enact a few laws themselves which will put the Hawaiian on the other side of the fence.

Cold Storage Fowl Seized.

Seattle.—Of 27,000 pounds of chickens, geese, ducks and turkeys seized in two Seattle cold storage plants during last week by State officials 13,000 pounds have been condemned and sent to the fertilizer factories, 8,000 pounds have been returned to the owners as fit for consumption and 6,000 pounds are undergoing bacteriological tests by the University of Washington chemistry department. The owners, wealthy merchants, will not be prosecuted, as they had not offered the offensive poultry for sale.

Must Not Give Bosses Presents.

Denver.—Mayor Speer of Denver issued a manifesto against the practice of city employes giving their bosses Christmas presents. Posted conspicuously about the City Hall is this notice, signed by the Mayor: "City employes are forbidden to make contributions for gifts to others who receive a higher salary than themselves. No objection will be made to city employes making gifts to persons receiving less salary than themselves."

Makes Record Flight.

Paris.—Maurice Farman, a brother of Henry Farman, the aviator, made what is claimed to be a cross-country flight in a straight line of record length a few days ago. Ascending at a suburb of Marseilles, in a biplane of his own construction, Farman flew to Chartres, a distance of forty-four miles, in 53 minutes. He maintained a height averaging 250 feet.

Taft's Message in Favor at Paris.

Paris.—The favorable impression of President Taft's message reflected in the Bourse is re-echoed in the press, which calls attention to the importance of his declarations as to foreign relations and foresees that the United States is destined to play an increasingly powerful part in the world's affairs.

Time Extended for Appeal.

Oakland.—Time in which to perfect the papers in the appeal of Mrs. Isabella J. Martin from her conviction of dynamiting the home of Superior Judge Ogden has been extended to February 1, 1910. Mrs. Martin is still at the county jail. She is under sentence of life imprisonment.

Tons of Arsenic as Fertilizer.

St. Louis.—The Mexican government has purchased of a St. Louis wholesale house five tons of arsenic, paying more than $200 a ton. Miguel Diebold, the consul here, says the poison will be distributed among farmers for use in the fields.

NEWS OF WEEK FROM ALL THE COAST STATES

Occurrences Along the Pacific Slope Presented in Compendious Array.

Passing Events Among Your Neighbors Briefly Told in Short, Newsy Paragraphs.

Grass Valley.—George Fallon, a well-known resident of this city, slipped and fell into a gutter and drowned in a few inches of icy water while unconscious from the fall. Fallon fell face downward in less than a foot of water.

Alameda.—Southern Pacific electric trains, the first to be operated by that corporation in Alameda county, will be running in this city by the latter part of April or early in May, according to F. W. Hoover, industrial agent of the railroad company.

Los Angeles—George Alexander, the present Mayor, has been re-elected by a majority of 4500 over George A. Smith, Republican candidate. The entire ticket supported by the Good Government League has been elected, in some instances by majorities exceeding that of Alexander.

Bakersfield.—What promises to be an inexhaustible supply of pure water has been struck almost in the heart of the Mennonite colony at Lerdo, twenty miles north of Bakersfield, at a depth of 150 feet. Six wells within a radius of three miles have all tapped the subterranean reservoir.

San Francisco.—Half a million Red Cross stamps, from the sale of which funds are being raised to combat the ravages of tuberculosis, have been sold by the San Francisco Association for the Study and Prevention of Tuberculosis. It is believed that fully a million will be sold before the end of the year.

Pasadena.—Suddenly showing every symptom of hydrophobia, which is prevalent among dogs here, a big angora cat suddenly attacked and badly bit and scratched two fine dogs belonging to E. L. Daughtery. The cat was killed and the head sent to State Veterinarian Keane at Berkeley for a miscroscopical examination. The two dogs also were killed.

Auburn.—"Not guilty" was the verdict in the Jeff Lewis murder case. The jury was out just fifteen minutes and took but one ballot. On the 22d of August, Lewis shot and killed Ben E. Swesey at a Penryn saloon. The cause was the intimacy of Swesey and Lewis' nineteen-year-old daughter Ida. Swesey was married, with a wife and four children, the eldest a girl of seventeen years.

Pleasanton.—By the building of a ditch and a tile drain 8000 feet long, and the sinking of thirteen artesian wells, 300 acres of the old Lilienthal ranch, now practically waste land, are to be reclaimed and put in condition for cultivation. Last year experiments were conducted with a portion of the ranch, a tile drain 3000 feet long being constructed, and the result was very satisfactory.

San Francisco.—Caught in a flywheel near which he was working in the Southern Pacific shops at Sixteenth and Kentucky streets, Henry Heeter, a mechanic, was whirled around several times before fellow workmen stopped the machinery. Heeter was removed to the Potrero Emergency Hospital. Nearly all his clothing had been whipped from his body and he suffered internal and cranial injuries.

San Bernardino.—C. C. Zans, naturalist, artist and traveler, who has been devoting the winter months to researches on the San Bernardino mountains, living in an isolated lodge among the pine trees, was burned in a shocking manner about the face and body while attempting to save priceless specimens from his burning lodge. Zans states that in the fire he lost a collection of rare flowers, insects and minerals which it had taken him almost a year to gather.

Portland, Or.—Rather than submit longer to what it regarded as an inequitable and unjust imposition of taxes for the benefit of other jurisdictions by the Supreme Lodge of the Ancient Order of United Workmen, the Grand Lodge of Oregon has seceded and has itself become a sovereign body. Not only has the Grand Lodge by this drastic action renounced its allegiance and severed all connection with the Supreme Lodge, but it has revised its constitution and by-laws so that all reference to the Supreme Lodge has been eliminated.

Hood's Sarsaparilla

Cures all blood diseases and builds up the whole system. There is no "just as good" medicine. Get it today and begin taking it at once.

In usual liquid form or chocolated tablets called Sarsatabs. 100 doses $1.

If you

are in doubt where your horse is lame, one application of

Tuttle's Elixir

will not only locate the lameness but absolutely remove all soreness and stiffness and keep him in prime condition. If you are not already giving your horse the advantage of ***Tuttle's Elixir*** he has not reached his fullest possibilities.

Get a bottle of your druggist to-day, 50 cents.

If your druggist doesn't happen to have TUTTLE'S ELIXIR, simply drop me a postal—giving druggist's name—and I will see that you get a bottle. *Don't accept a substitute.*

PARADISE FOR BIRDS.

Barren Puffin Island Off the West Coast of Great Britain.

Gaunt and bare Puffin island rises boldly from the sea at the most easterly point of Anglesey. Its sides, torn and discolored by the waves, offer scant welcome to the explorer, but there are several places at which a landing may be made from a small boat.

Naturalists will not object to the forbidding appearance of this half mile length of rock at which the timid look askance, the London Evening Standard says. Neglected of man, it is the chosen home of thousands and thousands of birds who share its solitude with a few sheep and scores of rabbits. Puffin island has more than one name. The Welsh call it Ynys Seiriol, or the Island of St. Seiriol, who had a hermitage here far away in the sixth century, and it is also known as Priestholme (the priest's island).

Perched in the center of the isle are the ruins of a tower, built in the seventh century. But this scanty spot upon the waters should be named the home of the birds. In myriads they seek it to breed. The keepers of the lighthouse are almost the only human beings they see; they can live their happy lives without the shadow of man to frighten them.

Most in numbers is the puffin—being in the majority, it has given its name to the place. This curious looking bird, so ungainly on land, rides on the waves wonderfully and dives as surely no other bird can. Come upon it suddenly—it plunges deep into the water and your boat has gone a long distance ahead before it comes to the surface again. In some places the puffin is called the sea parrot and in appearance it is not unlike pretty poll.

Stormy petrels find a resting place in this grim retreat; gulls are common; razor bills, cormorants, curlews and divers add to the population. Gannets have been met with and the peregrine falcon. Among these rare specimens the pigeon excites no remark.

Exceedingly curious is the clamor made by these creatures during the breeding time. One might imagine one's self in the House of Commons during a "scene" in which wild words and incoherent sentences are hurled about. Only there is no speaker to quell the tumult and restore order.

THERE IS ONE COMPROMISE FOR A DIAMOND (the recent invention) NEW SAPHDIAMOND (carbon product) perfect diamond BRILLIANCY and nearly same HARDNESS for comparison with real gems. Beware of inferior substitutes, as this new creation can be procured only from John C. Davidson, 729 Market St., San Francisco. Catalogues.

"Half a loaf is better than no bread"—if it's made with **Port Costa.**

Stops Hair Falling

Ayer's Hair Vigor, new improved formula, will certainly stop falling of the hair. Indeed, we believe it will always do this unless there is some disturbance of the general health. Then, a constitutional medicine may be necessary. Consult your physician about this.

Does not change the color of the hair.

Ayer's Formula with each bottle. Show it to your doctor. Ask him about it, then do as he say

The reason why Ayer's Hair Vigor stops falling hair is because it first destroys the germs which cause this trouble. After this is done, nature soon brings about a full recovery, restoring the hair and scalp to a perfectly healthy condition.

—Made by the J. C. Ayer Co., Lowell, Mass.—

A Bad Sign.

"Speaking of Easter eggs," said Mark Twain at a dinner at the Authors' Club in New York, "I am reminded of the town of Squash. In my early lecturing days I went to Squash to lecture in Temperance Hall, arriving in the afternoon. The town seemed very poorly billed. I thought I'd find out if the people knew anything at all about what was in store for them. So I turned in at the general store:

"'Good afternoon, friend,' I said to the general storekeeper. 'Any entertainment here to-night to help a stranger to while away his evening?'

"The general storekeeper, who was sorting mackerel, straightened up, wiped his briny hands on his apron and said:

"'I expect there's going to be a lecture. I been sellin' eggs all day.'"

BREAKS A COLD IN A DAY.

And Cures Any Cough That Is Curable—Noted Physician's Formula.

This prescription is one of the very best known to science. The ingredients can be gotten from any good druggist, or he will get them from his wholesale house.

"Mix half pint of good whiskey with two ounces of glycerine and add one-half ounce Concentrated pine compound. The bottle is to be well shaken each time and used in doses of a teaspoonful to a tablespoonful every four hours."

The Concentrated pine is a special pine product and comes only in half ounce bottles, each enclosed in an air-tight case, but be sure it is labeled "Concentrated."

An application has been filed in England for a patent on a secret process of producing ammonia from the air.

CASTORIA

For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of *Chas. H. Fletcher*

An English firm is making salt by a patented process whereby the brine is refined before it is crystalized. The product is claimed to be 99.95 per cent pure.

"What's in a name?" Everything—when the **Name** is **Port Costa,** and you see it on a sack of flour.

The dread of censure is the death of genius.

PURE FRUIT CANDIES

SOLD BY ALL LEADING DRUGGISTS

one size only, regular price 50¢ per bottle.

DUBLIN JARVIES.

The Happy Go Lucky Hackmen of the Irish Metropolis.

The Dublin jarvies are not what you would call good whips. They drive, as unladylike people say, like the divil; they cut around corners featly enough and go slashing up heartbreaking hills, but nine out of ten of them drive with a loose rein. They talk to the fare, and the little horse runs on, doing the best he can and following his own dauntless will. I lay no fault upon the jarvy. The Irish horse shares Paddy's gragh for independence. Of him, too, it may be said that he serves without servility.

The jarvy—light hearted lad, be he young or old—gains in the run of the days an average of 6 shillings. The fares are jolly cheap. For a "set down" within the boundary the charge for two persons between 9 a. m. and 10 p. m. is only sixpence. By time the charges are one and six an hour, with an added sixpence for each succeeding hour. Still the jarvy does fairly well. Barney, who is not better than the others, took me to his home. It was in Spring Gardens, where there are rows upon rows of neat little red brick cottages, with gardens and stables. They rent at £20 a year. Owning his car as he does, Barney pays no car rent to any one, and if he drives Lawler's mare 'tis more for love than profit. Year in and year out he puts by a bit, for the "childer, God bless 'em!" are growing and will have need of education. In his smart little home, with his smart little wife, there are unluckier men than he.

"If 'twere not for the fightin'," says Mrs. O'Hea, "a better man than Barney never pulled a shirt over his head."

Barney, it seems, believes that animosities should be cultivated. Being a good man with his hands and blithe and gay in battle, he colors the week's end with riot.—Vance Thompson in Outing.

The way to a man's heart is through his stomach—Use **Port Costa** Flour.

It requires greater virtues to support good than bad fortune.

MAKE YOUR HEADQUARTERS

at the Grand Central Hotel, Market and Tenth streets, San Francisco. Elevator, steam heat, hot and cold water, telephones in every room. First-class cafe in connection. Rates, $1.00 per day and up. Haight, Market and Valencia street cars from the Ferry stop at the door.

The climate of Curacao is so dry that goat manure, much of which is produced, cannot be used profitably on the farms. so it is carted from five to twenty miles to the harbor and shipped to Barbadoes, where it finds a ready sale.

Better be sure than sorry. Avoid disappointment by buying the famous **Dan Sully** five cent cigar. For sale everywhere.

Rubies are practically indestructible except by fire.

To Break In New Shoes.

ELLENS NEW DISCOVERY. A powder for the cure of sores on stock. Sample free. Try it. Beats anything you ever saw. Sifter cans. No grease. GLOBE CONSOLIDATED SUPPLY CO., San Francisco, Seattle, Los Angeles, Portland.

Chinese Scholar on Marriage.

Sir Robert Hart, speaking of marriage and death customs in the far East, tells a story of a great Chinese scholar and high official who said that our foreign way of letting the young people fall in love and choose and the Chinese way of first marrying and then making acquaintance reminded him of two kettles of water; the first—the foreign—was taken at the boiling point from the fire by marriage and then grew cooler and cooler, whereas the second—the Chinese—was a kettle of cold water put on the fire by wedlock and ever afterward growing warmer and warmer, "so that," said his friend, "after 50 or 60 years we are madly in love with each other."—London Tit-Bits.

The Mexican Academy of Medicine has offered a prize of $10,000 for a cure for typhus fever, a like prize for a serum that will kill the germ in the blood, while $5000 will be distributed among persons aiding in solving the problem.

Entered as second-class matter September 30, 1904, at the Postoffice at Campbell, California, under the Act of Congress of March 3, 1879

FIFTEENTH YEAR, — No. 23

WE noticed in the "dummy" of the Palo Alto Citizen, several cuts under the heading "Mayfield." One of them was a picture of the Campbell Fruit Growers' Union Drying Yard and was designated as "near Mayfield." Another was of the Santa Clara seed farms and also designated as "near Mayfield."

We believe that Mayfield should rely on her own resources in advertising and not come way to Campbell for natural resourees. To be sure, it is a compliment to Campbell, but a gross injustice to the prospective settler in Mayfield. We hope they will not use the cuts as they appear in the "Dummy."

¶There is a movement on foot to have the electric line come up Campbell avenue to the schoolhouse and thence down the Santa Clara road to the point where it crosses the creek south of town at present. This is a worthy scheme and should receive the hearty cooperation of every land owner in Campbell. It would be a boon to our city, for should people go thru the main part of town in traveling around the "loop" instead of going by the Nevada House, Miracle's roadway lumber yard and Campbell Park, they would be much more favorably impressed with the town. It would be a good thing for our businessmen also, for people would not go flying through the town to San Jose if they could see what they wanted in the windows of our stores. It would be a great thing for our already far famed schools, as it would save a long walk for the students. We want the electric line and everybody else with common sense does also.

¶Some time ago a petition was circulated among the people near the Moore's switch, asking that the car line place a depot there so that people could be sheltered while waiting for a car. The petition was sent in, but nothing further has been done in the matter. Our advice to these people is to have someone appointed to interview the manager of the line in San Jose, for a railroad company is the slowest thing on wheels when it comes to a business transaction.

¶That smudgs we had Wednesday might be a good suggestion for our fire team to get out and trot their hose cart around the block.

SUMMONS

In the Superior Court of the State of California, in and for the County of Santa Clara.

Dillie M. Thompson, Plaintiff vs. James A. Thompson, Defendant.

Action brought in the Superior Court of the State of California in and for the County of Santa Clara, and the Complaint filed in the office of the Clerk of said County of Santa Clara.

The People of the State of California send greeting to James A. Thompson, Defendant.

You are hereby directed to appear and answer the Complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Santa Clara within ten days after service on you of this summons, if served within this County, or within thirty days if served elsewhere.

And you are hereby notified that unless you so appear and answer as above required, the said plaintiff will take judgement for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the Complaint.

Given under my hand and the seal of the Superior Court of the State of California, in and for the County of Santa Clara, this 3rd day of December, A. D. 1909.

(Seal) Henry A. Pfister, Clerk

Beasly and Fry,

SHERIFF'S SALE.

Under and by virtue of an execution issued out of the Superior Court of the County of Santa Clara, State of California, on the 14th day of December, A. D. 1909, and to me directed and delivered upon a judgment rendered in said court on the 15th day of November, A. D. 1909, in favor of George H. Caldwell and against Uvas Stock Company, a corporation, for the sum of $3,798.76 in lawful money of the United States, together with costs of suit and interest, I have levied on all the right, title, claim and interest of said defendant of, in and to the following property, to-wit:

1. Beginning at a stake marked O. L. 4, standing at the point of intersection of the line dividing the Bascom tract and the Bray tract with the east line of Bascom avenue, from which stake and underground wooden monument with iron center, standing at the point of intersection of the line between said tracts with the prolonged center line of Washington street, in the town of Santa Clara, bears S. 89 deg. 58 min. W. 42.34 feet and running thence along said line between said Bascom and Bray tracts N. 89 deg. 58 min. E. 3.38 chs. to stake O. L. 9 and N. 9½ deg. W. 1.10 chs. to stake M. 5, at the common corner for the Bascom tract and lands of C. A. Phelps (originally Moses Davis tract), in the eastern line of said Bray tract; thence along the line between said Bascom and Phelps tracts S. 89 deg. 35 min. E. 6.25 chs. to stake N. 6 S. 0 deg. 30 min. W. 13.51 chs. to stake B. P. and W. 4.02 chs. to stake marked B. E., being common corner of said Phelps and Bascom tracts in the aforesaid eastern line of said Bascom avenue and thence along the last mentioned line N. 24 deg. W. 13.66 chs. to the point of beginning, containing 9.87 acres and designated on the map accompanying the report of referee as Lot A.

2. Lots 1, 2, 3, 4, 5 and 6 in block 4 of Rucker's addition to the town of Campbell, which addition and map reference is hereby made, all being in the County of Santa Clara, State of California.

3. All those certain lots, pieces or parcels of land, situate, lying and being in the County of Santa Clara, State of California, and bounded and particularly described as follows, to-wit:

Beginning at a white oak on line of land of the estate of B. R. Bailey, deceased, and running thence along the land of said estate of said Bailey N. 58¼ deg. E. 44.20 chs. to the Laguna Seco Rancho, thence along said Rancho S. 41¾ deg. E. 65 chs. to a forked white oak, thence S. 20¾ deg. E. 45.00 chs., thence S. 87½ deg. W. 126.23 chs. to a white oak 27.58 chs. to a white oak 60.00 chs. to a post from which a white oak bears S. 54½ deg. W. 42 links and a white oak bears due north 72 links distant, thence S. 4 deg. W. 2.36 chs. to a white oak marked "M2" thence S. 60¼ deg. W. 13.50 chs. to a white oak, thence S. 34¾ deg. W. 25.20 chs. to a black oak marked "M F." thence S. 85¼ deg. W. 4.83 chs. to a post (near a black oak), thence N. 41¾ deg. W. (20.38 chs. to a black oak) 24.50 chs. to a post in a gulch, thence N. 15¼ deg. E. (13.50 chs. to a white oak 1 foot in diameter), 23.18 chs. to a post at corner of fence of said estate of Bailey, deceased, thence along said fence S. 79¾ deg. E. 4.50 chs. N. 73½ deg. E. 4.23 chs. N. 48 deg. E. 777 chs. to a white oak 4 feet in diameter, N. 7 deg. E. 14.00 chs. N. 2½ deg. E. 8.50 chs. N. 6 deg. W. 7.30 chs. to a ledge of rock N. 17 deg. W. 6.30 chs. to a white oak N. 31½ deg. W. 20.89 chs. to the place of beginning, containing 613 85-100 acres, courses true Mag. Var. 16½ deg. east.

Also, beginning at a stake marked "El" in the center line of the present traveled county road and on the north line of the tract of land deeded by the City of San Jose to Ira McKean et al., December 7, 1866, from which stake a white oak near the top of the hill 12 inches in diameter marked "W. T. E." bears S. 4¼ deg. E. 1.18 chains and the northwest corner of the tract deeded as aforesaid bears S. 87½ deg. W. 92 links, distant thence from said point of beginning running along the center line of said road as follows: S. 56 deg. 20 min. E. 3.92 chs. to a stake, thence S. 33 deg. 50 min. E. 4.63 chs., thence S. 28¾ deg. E. 3.72 chs. to a white oak stump, thence S. 14 deg. 10 min. W. 7.03 chs.; thence S. 10 deg. 45 min. E. 6.22 chs., thence S. 3 deg. 10 min. W. 10.46 chs. and S. 4 deg. 45 min. E. 11.26 chs. to a white oak marked E. 81" on the north line of the Las Uvas Rancho, thence along said line of rancho N. 83¾ deg. E. 45.90 chs. to land of Murphy, thence along north and west line of Murphy's land N. 11½ deg. W. 22.40 chs. N. 70¾ deg. E. 20 chs. to the west line of the Rancho Laguna Seco, thence along said line of last named rancho N. 19½ deg. W. 21.24 chs. to S. E. corner of first herein described tract; thence along the south line of said tract S. 87½ deg. W. 59.08 chs. to the place of beginning, containing 280 52-100 acres.

Also, beginning at a white oak tree on line between lands of estates of B. R. Bailey, deceased, and the mortgagors and running thence S. 48 deg. W. 23 yards more or less to a corner of public school lot; thence westerly along the north line of said school lot 35 yards to fence on easterly side of creek, thence along said fence down said creek 101 yards to cross fence, thence easterly along said cross fence 5 yards to line of land between lands of estate of Bailey and the mortgagors, and thence along said last named line to place of beginning, containing ¾ of an acre.

Excepting from the first described tract all lands (contained in the lines given) conveyed to the County of Santa Clara, by deed bearing date December 7, 1866, and recorded in Liber "W" of deeds, page 162.

Also, a strip of land 20 feet wide and containing 59-100 acres and deeded by T. Fitzgerald to F. Tremoureaux by deed dated October 7, 1884, and recorded in Book 33 of deed, page 509, et seq., records of said Santa Clara County, and excepting from the second above described tract of land that certain tract containing 40 38-100 acres conveyed by said mortgagers to Isaac Branham by deed dated October 11, 1887, and recorded in Liber 101 of deeds at page 386, records of said Santa Clara County, to all which reference is made for the purpose of description, and also excepting the tract of 7 54-100 acres conveyed by T. Fitzgerald to F. Tremoreux by deed dated October 7, 1884, and recorded in Book 33 of deeds at page 511, records of Santa Clara County, to which reference is made for purpose of description.

Notice is hereby given that on Thursday, the 13th day of January, A. D., 1910, at 10 o'clock a. m. of said day I will sell all the right, title and interest of said Uvas Stock Company, a corporation, in and to the above described property, or so much thereof as may be necessary to satisfy plaintiff's claim, besides all costs, interest and accruing costs.

The sale will take place at the front door of the County Court House, in the City of San Jose, County of Santa Clara, State of California, at public auction, for cash in hand, to the highest and best bidder.

Dated San José, this 14th day of December, A. D. 1909.

ARTHUR B. LANGFORD, Sheriff.
By George Bray, Under Sheriff.
A. A. Caldwell, Attorney for Plaintiff.
